

Architect specified hardware, dimensions and detailing are evident in these dramatically set storage cabinets. The alcove space demanded precise manufacturing tolerances to achieve a perfect fit.

## Special Applications

Hamilton Sorter's standard cabinet dimensions and details are easily modified to meet a customer's specific space and functional requirements. Our computer driven design and manufacturing systems allow us to economically incorporate architect specified finishes and hardware to carry out and implement the designer's overall interior design theme.

Unlike conventional millwork, Hamilton Casework is backed by a limited lifetime warranty, and our modular construction methods ensure quick on-site installation that minimizes interruption of ongoing customer activities.

---

Hamilton Sorter  
Casework features:

- Wall-to-wall fit for a custom millwork look
- Precision factory craftsmanship
- Modularity for easy reconfiguration or future add-ons
- 7 year depreciation life vs. 31 years for millwork
- Limited lifetime warranty
- Quick on-site installation
- Availability in standard or customer specified colors and finishes including stainless steel and chemical/bacteria resistant surfaces
